**Description:**

Bring a hint of Nordic style into your kitchen with the modern Desco dog feeder. Designed by Mathias De Ferm exclusively for MiaCara, the Desco feeder is made from a powder-coated aluminium frame and comes fitted with two stainless steel bowls.

Designed to satisfy both dog and owner, the Desco feeder features all the clever details you have come to expect from MiaCara. A silicone ring keeps the bowls in place to avoid rattling while your dog eats, and the dog feeder comes with slip-proof silicone feet to stop it moving around.

Desco comes in four timeless colours and three different sizes, to enable dogs of all sizes to eat comfortably. The stainless steel bowls are dishwasher-safe and also available separately. This durable feeder is suitable for both indoor and outdoor use.

Desco was awarded the German Design Award Special Mention 2019.

Design: Mathias De Ferm

**Material:**

- Fine textured powder-coated aluminium
- Stainless steel bowls (dishwasher-safe)
- Silicone ring
- Slip-proof silicone feet

**Care Instructions:**

To clean the dog feeder, wipe the powder-coated aluminium frame with a soft, damp cloth. Please do not use sharp or rough objects or aggressive detergents to avoid scratching the surface.

Clean the stainless steel bowl thoroughly before use. Only the bowls are dishwasher-safe.

The included silicone feet can be used to ensure that the product stays in place. To apply the silicone feet to the product, carefully remove the protection film from the self-adhesive surface and fix the silicone feet to the bottom of the product.

Caution: The silicone feet may cause a chemical reaction on treated or on natural surfaces. In rare cases, this reaction can cause stains on the floor. Please make sure that your floor is suitable for the use of silicone feet, or place the product on a floor protection mat.
